

Picnic Shelters

An additional rental available to the facility is our picnic shelters. There are two shelters available to choose from. The shelters include: a gas grill, running water, electric, parking areas, a playground and picnic tables. Alcohol is permitted as well, however, must remain at the shelters.

In addition, if desired, any group or organization that chooses to reserve one of our shelters will be admitted to our public sessions for that day at the group rate. The group rate will depend on the season in which the shelters are being rented. For further information, please call 814-724-6006.
