

2024 Application

Thank you for your interest in participating in the MARC Community Garden for the 2024 season!

This year, all are invited to join as a Working Member with a 4x8 plot of your own. There will be no shared harvest, though there will be some maintenance required of the common spaces that all will be invited to participate in.

Member Agreement

Gardener's Agreement

1. I will begin planting my plot by June 8, 2024.
2. I will maintain my own garden plot, keeping it neat, and tending and harvesting my plants regularly.
3. If for any reason I will be temporarily unable to maintain my plot or follow through with my gardening commitment, I will contact Garden Committee member George Stabile via text 814-720-7123, via email at marccommunitygarden@gmail.com, or via written letter left at MARC Office.
4. I will maintain the area around my plot, keeping it free of weeds and applying wood chips to the paths.
5. I commit to using organic gardening methods and will not use chemicals (fertilizers, pesticides, etc.) in or near the gardens.
6. I will be diligent to shut off water after use and report any leaks.
7. I will clean and prepare my plot for winter by October 31, leaving a cover crop or leaf mulch for protection through the winter months.
8. I will be a good steward of the resources that come with my membership in the MARC Community Garden including but not limited to shared compost, tools, tool shed, wood chips, and water.

I have read the Community Garden Expectations and understand that failure to meet the guidelines will result in loss of gardening privileges.
